Applied Software Technologies selected by Commonwealth of Massachusetts as ITS33 Service Solution Provider

(West Springfield, MA) – Applied Software Technologies (AST) is proud to announce its selection as a Commonwealth of Massachusetts ITS33 approved solution provider.

Through the designation as a state-approved ITS33 statewide contractor, AST will specialize in the delivery and implementation of MS Exchange based messaging and collaboration solutions.

Throughout its 20 year history, AST has been dedicated to the delivery of IT systems that offer value, reliability and security. As an ITS33 statewide contractor, AST will provide information technology (IT) professional services to state agencies and their programs to increase the efficiency and quality of state run services.

Headquartered in West Springfield, Massachusetts, Applied Software Technologies is a Microsoft Gold Certified Partner and has been recognized as one of the fastest growing companies in the country by Inc. Magazine and awarded the “Inc. 500 Designation”. The company has also received Deloitte & Touche's "Technology Fast 500" award for rapid and sustained growth and The Western Massachusetts' Chamber of Commerce has acknowledged Applied Software Technologies with its "Super Sixty Award" for four consecutive years.

For additional information on the ITS33 designation and how Applied Software Technologies can better serve your specific needs please contact Ed Garibian at 413-739-7390 or visit www.appliedst.com.
